A TOUCH OF INSPIRATION

Beauty begins *at the surface.*

Illustrative material arrangement.

One palette, many personalities.

Some wood tones make a room feel warmer. Some greys bring its lines into focus. And some beiges add just the right touch of softness.

The LIONVINA collection offers 11 finishes to bring a personal feeling to every space.

Choose your signature shade

Shade names are descriptive. Colours may vary with lighting and screens; check a physical sample before ordering. Code PVC.GD was read from a blurred label and must be confirmed against the sample.

THE CHARACTER OF WOODGRAIN

Warm. Rich. Distinctive.

Four grain patterns. Four ways to bring warmth into a space.

PVC.GT

Dark Walnut

Deep brown and expressive grain bring warmth and depth to an interior.

PVC.GD

Warm Red Wood

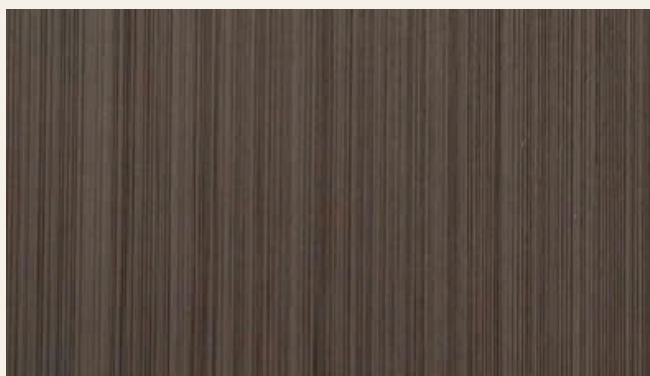

Rich reddish brown adds a warm, distinctive accent to a material palette.

PVC.DA

Honey Oak

A natural golden-brown wood tone for warm, light-filled schemes.

PVC.SD

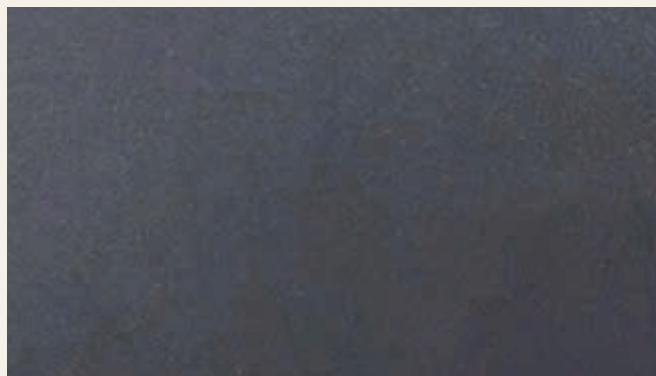

Smoky Stripes

Fine vertical stripes suggest a restrained, contemporary look.

THE LANGUAGE OF MUTED TONES

Simplicity that stands out.

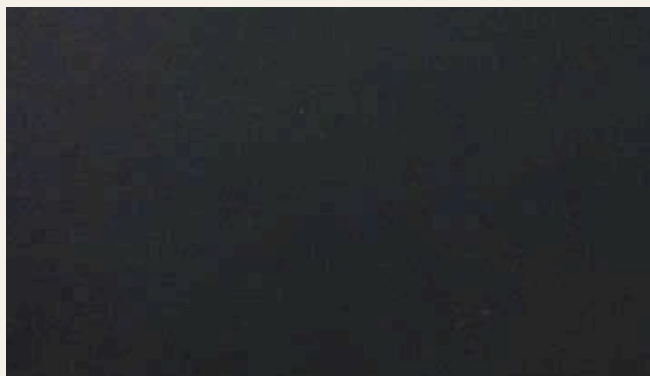

Calm tones for modern palettes with depth and character.

PVC.XD

Stone Grey

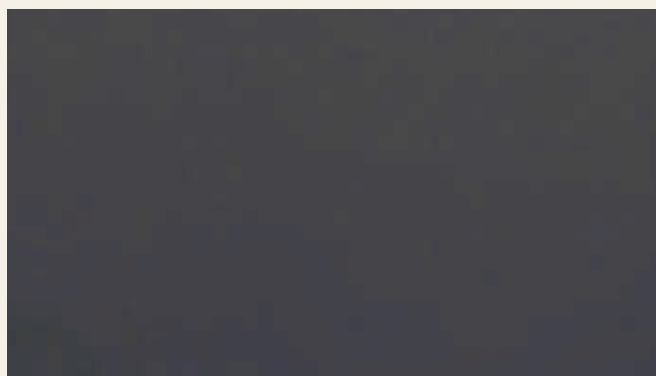

A muted grey creates a calm backdrop for pared-back interior details.

N.XD

Charcoal Black

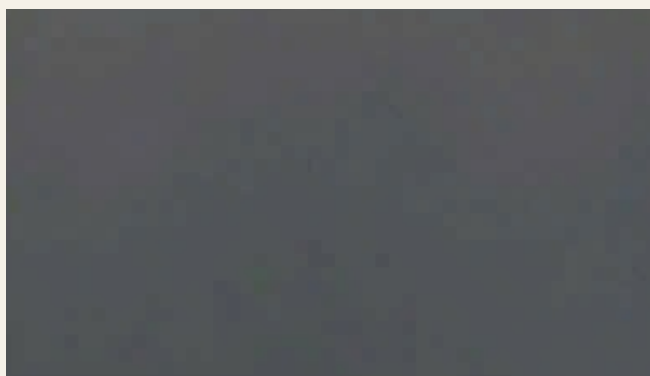

A clean dark tone to define forms, emphasise lines and highlight lighter materials.

PVC.GXF

Smoky Grey

A darker grey for modern interiors with a muted palette.

N.GXF

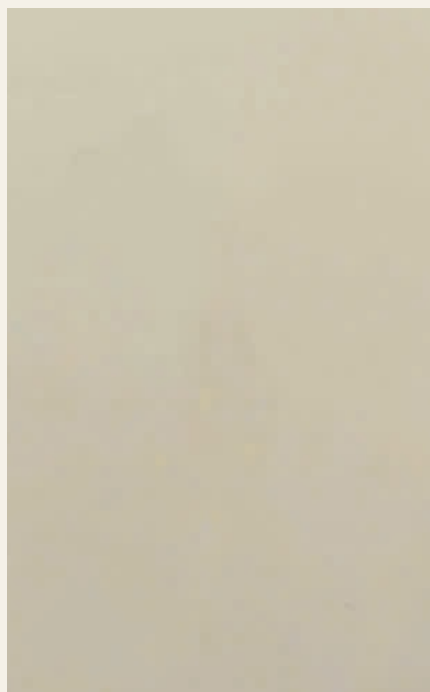

Slate Grey

A balanced grey to pair with warm wood, light stone and soft lighting.

BALANCE IN YOUR PALETTE

Soft light. Deep warmth.

Three tones to complete the feel of a space, from light backdrops to dark accents.

PET.BE

Ivory Beige

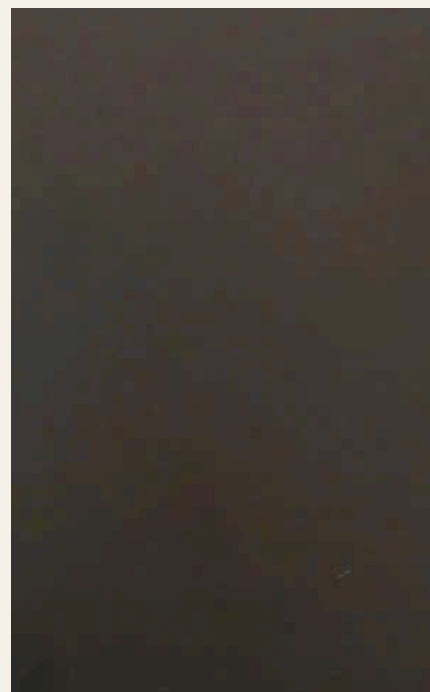

A soft beige opens up a gentle, light and airy palette.

PET.G

Gloss Grey

A grey that brightens in the light, suited to an elegant, modern colour scheme.

N.CF

Coffee Brown

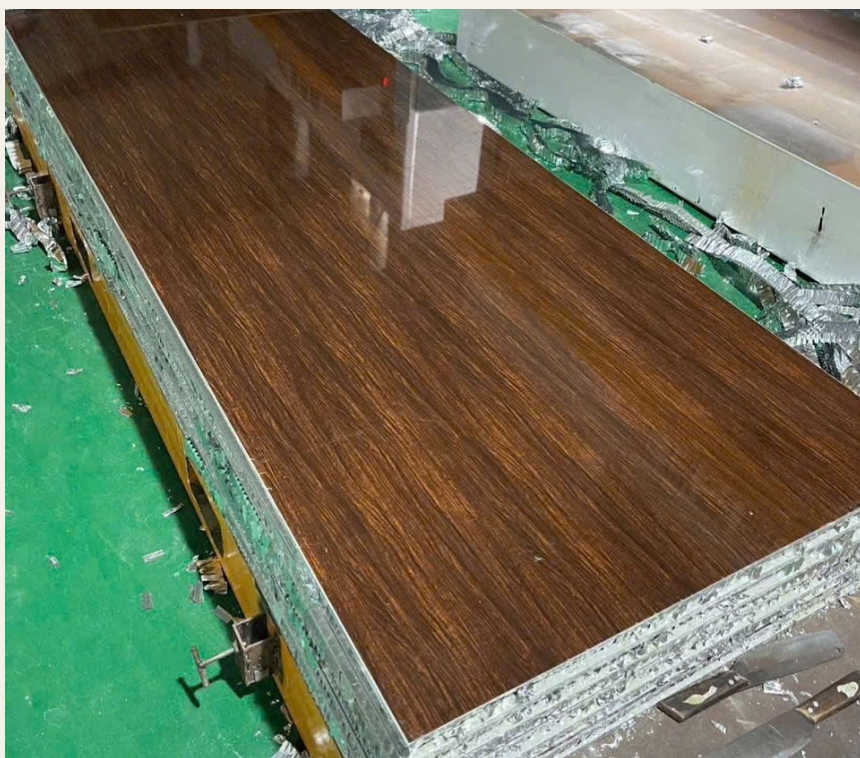

A restrained deep brown with a warm feel, easy to pair with champagne metallics.

PALETTE IDEAS

Ivory beige + warm woodgrain. Grey + light stone. Coffee brown + champagne metallics.

CHOOSE A FINISH FOR YOUR VISION

From the sample board to your final choice.

Original LIONVINA product and sample photographs.

01

Choose a shade

Choose a collection code and a companion colour to picture the whole scheme.

02

View a real sample

Check the finish in the lighting of the intended space.

03

Confirm your choice

Share specifications, application and quantity for suitable advice and a quotation.

Specifications, thickness, construction and prices are confirmed by product code, actual requirements and the LIONVINA quotation.
