POLYCAR®

INTRODUCING SOLID POLYCARBONATE SHEETS

POLYCAR solid polycarbonate is a premium, durable material with good light transmission for a wide range of applications.

POLYCAR solid polycarbonate sheets are manufactured from high-quality virgin polycarbonate resin, providing outstanding durability and impact resistance many times greater than ordinary glass. The products offer good light transmission, effective UV protection, thermal insulation and resistance to harsh weather, while retaining a refined, modern appearance. POLYCAR is an ideal solution for residential, commercial and industrial projects.
